**What this Course is about?** The practice of holistic medicine is evolving rapidly day by day. New research reveals that quality of life and health are statistically strongly correlated. Dr. Søren Ventegodt provides a rare glimpse into the innovative secrets he's discovered about quality of life, wisdom, and holistic healing.

Dr. Søren Ventegodt writes that: "Deep within us are vast resources, such as joy of life, boundless energy, and intuitive competence." Body, mind and spirit - and from these, sexuality (the life force), consciousness and unconditional love are key-concepts in holistic healing. This is a once in a lifetime opportunity to see Dr. Ventegodt in the U.S. to learn about those resources and how to help both you and your patients tap into them. Benefits of Attending the Course This two-day course can transform your practice into dancing effortless and transform your life into happiness and natural power. Experience a feeling of newness and a surge of energy and zest for life. When you bring this resilient energy and heart-centered compassion to each of your clients, your holistic practice will never be the same. The more ambitious goal for therapy that Ventegodt brings us is happiness for all our clients. Several hundred of scientific papers and numerous books have made Ventegodt and his research team among the leading researchers in today's holistic medicine. ### **What people are saying about Dr. Ventegodt's Classes:**

"Watching Søren work so intuitively with people is a great privilege as his individual sessions had a profound impact on people. I like the simplicity of the work he does, some of which would take year's of psychotherapy or some other form of therapy."

P. Reading, UK

"Simple – profound - transforming! Søren is a breath of fresh air with his kind, generous, sincere and sometimes humorous approach. He creates a secure, safe environment where participants can explore and unfold into. The teachings are simple, yet so utterly profound. This experiential workshop gives participants a reference point to what is beyond words and concepts."

G. Woking, UK

"The information and experience will be life changing. I liked the new insight into holistic therapy treatments and the refreshing change to be led by an open, honest and sincere person."

C. Southampton, UK
